

RCBI Offers Grant-Funded Apprenticeship Training

There's never been a better time to launch a registered apprenticeship program in manufacturing.

RCBI's Apprenticeship Works partnership is offering companies the opportunity to enroll new registered apprentices **free of charge** for their first year, a savings of \$1,330.00 for each apprentice. This includes RCBI program management, related online training, and customization and tracking of on-the-job training competencies.

Seats are limited and are offered on a first-come, first-served basis until September 30, 2021!

Apprenticeship Works is a nationally recognized model that assists manufacturers across the United States to establish registered apprenticeships in 20 occupations, including Machining, CNC Operation and Programming, Tool & Die, Additive Manufacturing, Welding, Maintenance Technician and others.

Currently, Apprenticeship Works is partnering with 30 companies at 51 sites across 18 states.

For more information, visit our website at www.rcbi.org/online/apprenticeships. Or contact Apprenticeship Works Director Lucinda Curry at lc Curry@rcbi.org or 304.720.7742.
